

Mural Project Inspiration

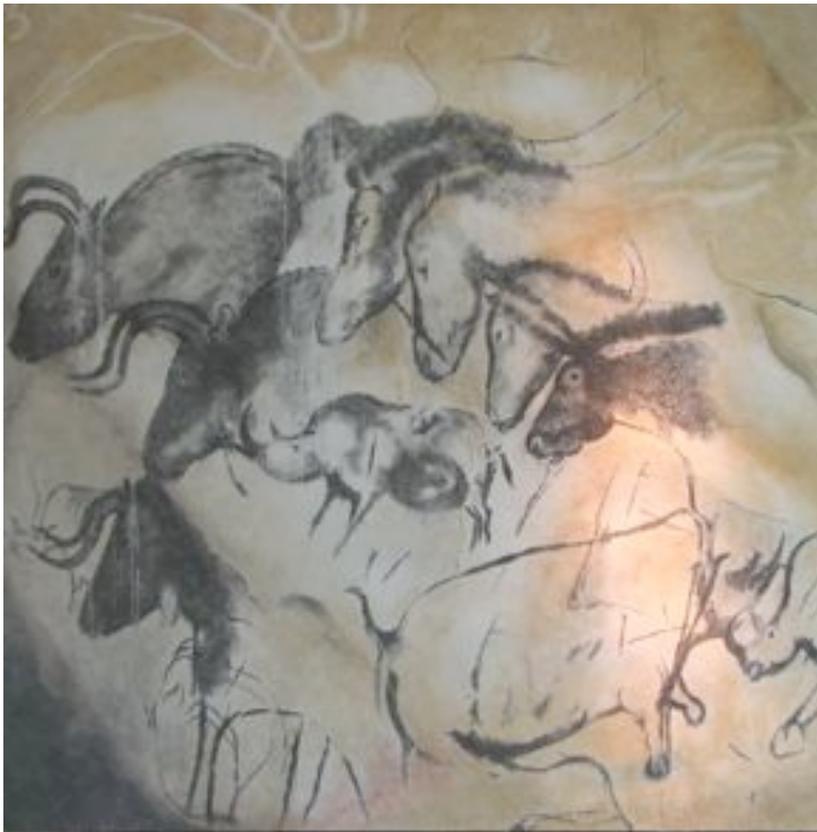

Brainstorm what images/symbols you might want to integrate into the composition.

Think about how you can create **movement**, and a **unified background** to help to tie all of the different images/symbols together.

*Remember you must integrate the theme of school pride with alumni flags placed somewhere inside of the design.

*Your design should be 'timeless'

Warm up: In your Investigative Workbook, Compare and Contrast what **you think** the purpose of each of these murals might be.

A **mural** is any piece of artwork painted or applied directly on a wall, ceiling or other large permanent surface. A particularly distinguishing characteristic of mural painting is that the architectural elements of the given space are harmoniously incorporated into the picture.
